

Funded PhD Scholarship Opportunity

Central Solutions design and deliver world-class solutions for clients to deliver optimum efficiencies and drive transformational change. We help our customers achieve operational excellence through the delivery of innovative programmes that apply lean methodologies and focus on international standards. Our core values are dedication, integrity, creativity and the achievement of excellence.

As part of their ongoing focus on Enterprise Excellence, Central Solutions wish to recruit a Graduate at level 8 or 9 in a Quality, Business or Engineering function who would like to attain a level 10 award in the field of Quality and Continuous improvement. As part of this program the successful candidate will have the opportunity to work on critical research projects supporting Central Solutions key clients and integrating the disciplines of Corporate Operational Excellence, Technology Solutions and Behavioural Change.

If you are interested in applying, please send a CV and cover letter outlining your suitability for this role to sean.moore@ul.ie. Please include "Funded PhD Scholarship Opportunity" in the subject.

Closing date for applications: **28th of February 2018**

Please note only successful applicants will be contacted for interview
